

„Historical“ vest

crochet pattern

I crocheted vests also for our daughters, and they love them a lot. Big success also with god-children and niece, so I decided to prepare the manual. ☺ I was inspired by folk, an important part of our history. When crocheting, taking pictures and writing I was impacted by the murder of journalist Jan Kuciak and his fiancée Martina. Events that will be part of our history forever. That's why "historical." My manual is ready, but the way Slovakia heads right now is not clear yet. One thing is sure though: if we would like to change it, we have to start with ourselves. Money shouldn't affect the trend of our life. That's why this manual is not for sale, though formerly it should be.

When the parts are stitched together, crochet all around the vest single crochet stitches. Start on the back part by the seam.

You can embroider the vest at the end. One stitch means one single crochet.
