# Assembly

---

## Head and Body:

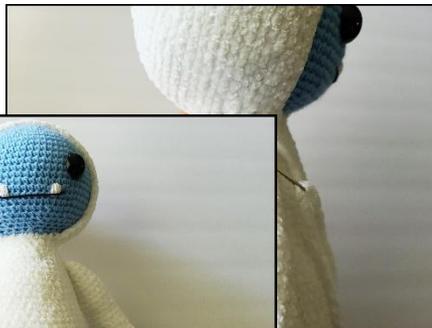

1. Thread your needle with a long strand of black yarn. Insert the needle into the bottom of the head and bring the needle to a hole approximately between rounds 20 and 21. Embroider a smile.
2. Cut a long strand of white thread and insert the needle into the bottom of the head. Bring the needle up to the smile. Embroider a triangle for a tooth on each side of the smile. Weave in the ends.
3. Sew your head to your body. You may need to add more stuffing as you close the hole.

### Arms:

1. Pin the arms to the side of the body approximately between rounds 41 and 42 of the body.
2. Sew the arms onto the body.

### Belly:

1. Pin the belly onto the front of the body. Try to place the belly 5 rounds above the legs. Its not easy to count rounds with the velvet yarn.
2. Sew the belly onto the body.

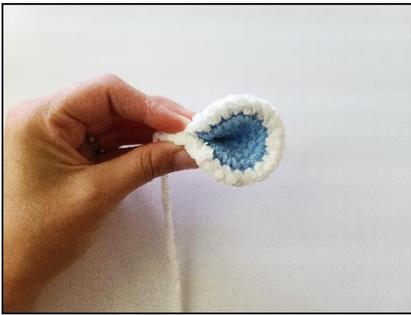

### Horns:

1. Pin the horns on top of the head approximately between rounds 16 and 20.
2. Sew the horns onto the top of the head.

## Ears:

1. Pinch your ears and sew closed about 3 stitches. Pin the ears next to the horns.
2. Sew the ears onto the head.

## Snowboard and scarf:

1. Pin the bindings onto the board. Sew the bindings onto the board. Weave in the ends.
2. Take your scarf and cut 12 medium strands of purple yarn. Attach the strands to the ends of the scarfs. Cut the strands to the length you want. Wrap the scarf around your yeti.

You now have your finished Yeti! Thank you for your purchase! If you have any questions or concerns please email me at [sweetoddityart@gmail.com](mailto:sweetoddityart@gmail.com) or etsy convo me. I will get back to you asap. Please share your finished yeti with me as often as you want! I love seeing them!

# Helpful Tips:

Exact Colors and Brand of Yarn Used:

1. Velvet yarn: Bernat Velvet yarn
2. Blue: Big Twist Cornflower Blue
3. Light Blue: Big Twist Light Blue
4. Gray: I love this yarn Charcoal
5. Purple: I love this yarn Orchid
6. Dark Blue: I love this yarn Blue

You can use different eye and nose sizes. You might have to adjust the placements if you change the sizes.

You can use different hook sizes and weights of yarn. It will just change the size of your yeti and you might need to adjust eye and nose placement.

How you stuff matters! The type of stuffing you use, how you stuff, all this matters on how your yeti turns out. I prefer Polyfil stuffing but you can use other types.

I painted my own eyes for yeti but there are great vendors with some really great eye selections.

# Helpful Tips

Working on the opposite side of the chain:

This is an example picture!

Start by creating your foundation chain. The amount of chains will be given in your pattern.

Work the stitches given across the chain.

Now, turn your work upside down into the remaining back loops of the chain stitches.

Work the next stitches into the back chains across.

When you are finished, the last stitch you made will be next to your first stitch.

\*The number of stitches you make on one side of the chain should be the same amount on the opposite side of the chain. Depending on what you are making you may join the end of your round to the beginning with a slip stitch, or you may continue crocheting in a spiral fashion. If you are to join this will be indicated in the pattern you are making.\*
