*Cut the thread 15 cm.*

We will close the opening with the help of this thread and a needle.

To close the opening:

Insert a left end of the yarn in a needle and insert a needle under each stitch from outside, at the same time tighten a thread to tighten the opening.

Hide a thread inside, stretch it tightly to flatten the detail for a short time and accurately cut it as close as possible to the crocheted cloth. After the detail will be straightened, the end of a thread will be hidden inside.

**Your Avocado is ready!**
