Yarn needle

Difficulty

Easy/beginner

Skills

- Able to follow a written pattern using UK crochet abbreviations
- Working in rows
- Basic stitches (ch, dc, htr)

Stitch terms:

- Ch – chain stitch
- Dc – double crochet
- Htr – half treble crochet
- RS – right side
- WS – wrong side
- BLO – back loop only

Gauge

10cm = 19 stitches and 18 rows in the same stitch pattern as the snood.

Sizing

XS (S: M: L) (XL: XXL) designed to have between 2-6" of positive ease for an oversized appearance and to ensure that it can go over collars. The length also allows for the snood to be folded into a roll neck, or to go over your dog's ears. If your dog's neck measurement is between sizes, use the smaller

size for a more fitted look. If you wish to adapt the length, add/remove to the original starting chain. If you wish to adapt the circumference, add/remove rows.

Size	XS	S	M	L	XL	XXL
To fit neck (")	7-9	9-12	12-16	16-20	20-24	24-28
To fit neck (cm)	18-23	23-30	30-41	41-51	51-60	60-71
Finished length	6" 15cm	8" 20cm	11" 28cm	15" 38cm	15" 38cm	15" 38cm
Finished circumference	11" 28cm	14" 35cm	18" 46cm	22" 56cm	26" 66cm	30" 76cm

Pattern Notes

Starting/turning chains do not count as stitches and are not included in the stitch count.

This snood is constructed sideways – your starting chain will run vertically once the snood is finished. The snood is worked in one panel which is sewn together at the end to form a tube.

Snood Pattern

To start, ch32 (42: 56: 78) (78: 78).

R1: (WS) Htr in 3rd st from hook. Htr across, ch1, turn. [30 (40: 54: 76) (76: 76)]

R2: (RS) Dc in BLO across. Ch2, turn. [30 (40: 54: 76) (76: 76)]

R3: (WS) Htr across, ch1, turn. [30 (40: 54: 76) (76: 76)]

Repeat R2 and R3 in sequence until you have completed R51 (63: 81: 97) (119: 137), or until you have reached your desired circumference (though make sure your last row is an odd number). Ch1, turn, do not fasten off your last stitch.

Due to the stitch pattern this piece may appear to slant, and so I would suggest blocking your work.

Construction

You may join with any stitch you wish. If you wish to maintain the texture, sl st through both the last row and the initial chain sequence to join the snood into a tube. Fasten off and weave in all ends.
