## GAUGE AND SIZE

---

A swatch with 20 sts x 18 rows, measures approximately 10 cm x 10 cm (4" x 4").

Final size of the panel is 40 cm x 40 cm (15.7" x 15.7"), approximately.

Note that your final size will change due to your crochet tension or the yarn you use. You can customize the size of your panel or project by adding repeats of the pattern, but keep in mind that this will affect the amount of yarn required.

- You can twist your ends creating a twisted fringe or you can finish your panel with a small border, like I did.
- I attached my crochet panel to a finished fabric cushion, sewing the panel with an invisible hand-stitch.
- The fringe version was made by Sally Murray, one of my wonderful testers. Sally left her ends with 15 cm, at the beginning and end of each row. That size created a twisted fringe with 10 cm.
